Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dolph Torrence on March 23, 2006.

The application has been amended as follows:

In claim 1, line 3, after "center;" the following text has been inserted:

-- wherein a raised border is provided around the perimeter of the substantially flat rectangular body; --

Claim 4 has been canceled.

These changes have been made to provide a clear antecedent basis for the raised border which is now recited in claim 1 (as a result of the incorporation of the material from old claims 11 and 12).
